

25 January 1958

Dear John:

I enclose for your memory book a reproduction of a snapshot of the Three Musketeers and D'Artagnan's Armour taken in the eventful month of May 1916. This turned up in some old papers of mine and I thought it might amuse you.

Please let me know if there is anything further I can do in the matter we discussed at your house the other evening. I have done a bit on this already and would be glad to do more if the time is appropriate.

Sincerely,

Allen W. Dulles
